HAMILTON, . . . CANADA.

A. M. MacKAY,
General Secretary.

Aug^t. 23rd 1895

Dear Sir,

I have ventured to address you knowing that you are a Geologist and a man of influence among the Geologists of Canada. I am an Englishman, & have lived in Canada some time. In 1885 I was proposed by Prof^r Griffiths F.G.S. and elected a Fellow of the Geological Soc^y of London, Eng.

I have taught geology for years and lately

as Professor of Science at
the Ladies College Hamilton,
I should much like to get
a position on the Geological
Survey of Canada or in
a Museum, and I trust
you will excuse me for
asking you to afford me
what help you can in that
direction - I am married
and am in need of
work to keep things going

I am Dear Sir

Yours respectfully
Edward Jordan
