Ottawa, 11th September, 1895.

Dear Sir William,

I have just received your letter of the 6th, from Little Metis, and on enquiry from the person who reads the proofs and looks after the volume, I find that the cuts for your paper have never come to Ottawa, nor have any of the proofs been seen here. Mr. Ami is in the same building with me, and I remember telling him to ask that the cuts should be sent here, but that has not been done; so, if you have not got them yourself they are most certainly in Montreal.

I think it would be better, and would beyond doubt save trouble, to have the cuts all sent here with the proofs. Mr. Ami in that way can know just what he is doing, and can send the cuts as the manuscript is put in hand. It is the only way to avoid the danger of having the cuts go astray and disputes arising among the printers as to whose fault it is. There is plenty of time to send them up now.

Yours truly,

S. E. Dawson

Controller of Stationery.
