127, South Park St.,
Halifax.

11. Sept 95.

Dear Sir William

Allow me to thank
you most faithfully for
being so kind as to present
me with a Copy of your
last much valued Work,
just received -

I can assure you I
Prize the gift more than
I can express and

shall read, and always
keep it in pleasing
and grateful remembrance
of its distinguished donor
and author.

I suppose you have
returned to Montreal
from Paris. I always
leave the latter place
with regret, and find
such a difference in the
Paris atmosphere

The wife, too, is still
away, which may account
in some measure, for depressing
effects. I expect her back
next week, and she may
possibly see you when
passing through to Montreal,
but I fear her time there
will be very limited, as
she has been already much
longer away than she
intended —

Agreeing to return you
Dear Sir William,
for your much prized gift
With kindest remembrance
to Lady Dawson
I am yours sincerely
R. Storer
