Dear Sir William Dawson

May I ask if you  
have seen Mr Darwin's  
last book <sup>Human origins</sup> in which  
he seems to have put  
together every scientific  
theory which would  
tell against "Belief"

He is a powerful writer  
and an unbeliever, his  
books are fashionable

and, it is urged that  
his statements and  
arguments should be  
answered. To reply  
to his book is to  
advertise it more -  
whether the statements  
could be met without  
this danger is another  
thing. Believe me  
Yours truly  
J. H. C.
