Dear Sir:-

I have just seen with a friend a copy of your book on the Canadian Ice Age. Might I take the liberty of asking you to send me or have sent to me a copy of this work. I am an earnest student of the physical sciences, and frequently give popular lectures on such subjects here. I enclose condensed reports of two of my latest. If you will send me a note of the cost of said work I will remit the amount. The one I saw was in papers covers, which would suit me quite well.

Very truly yours,

Dno Mackenzie
