

Peter Redpath Museum
Montreal Aug 1st 96

Sir William Dawson

Dear Sir

Your letter received this morning and I have just-mailed you the Pamphlets on Eozoon which you asked for, everything at the Museum is going on very nicely. I am busy at present-dusting and cleaning the collection of Birds

I have been through the Insects and the Mammals so I don't-think anything is suffering.

M^r H. H. Symon was at the Museum some time ago taking measurement-for a stand for the Beaver group.

I have the new locks for the cases in the gallery but have not put them on yet - I was thinking of waiting till the weather gets cooler as it is very hot - working up there just now.

You will have quite a lot of reading matter when you get home as the pile of Books and Pamphlets awaiting you at the Museum is getting quite large

Trusting that Lady Dawson and yourself are in good health and enjoying your holiday

I remain yours very truly

E Ardley
