Dear Mr William Dawson

The Council is very
desirous of a paper on
the Creation Record, and
the results of recent
Geological enquiry (or
as supported by the same)
and I am urged to ask
if you would kindly
consent to write this

Mr Petre and I
write in kind regards
to Lady Dawson and
yourself. We have
tried to get fine weather
and seek abroad but
Switzerland France
and Italy are all suffering
from too much rain
scarcely a fortnight's fine

weather in three months
you may try
I believe

From the enclosed you
will see that the Institute
is trying to advance
