Dear Capt Petter,

I thank you for
the kind invitation in yours
of Dec 16th, and shall
keep it in view. At
present however I have
more writing in prospect
than I am likely to undertake
for some months. If however
I find toward spring that
it is possible to do
anything in the line
you mention I shall

write to me anything
on the subject you mention
to be of any use should
be well done and with
reference to much that
has been discovered in
recent years, so it would
take time and thought
to do therefore and I think
that if I can write
anything it will be
for your next paper
rather than for this.

I hope you are going to have
a brilliant winter and
that you will have
many good papers

wishes for the season
of the land and of you
them of my great
interest in the work.

My wife and I
desire to send all kind
wishes for the New Year
to you and to Mrs. Folger
Yours sincerely
