Sir W^m Lawson

Dear Sir

Your Esteemed favor of the 27th April to hand in my absence. I am very sorry to hear that your health is so poor that you will be unable to visit the Joggins this summer. At present there are no falls from the cliffs but later I think we may look for some and I hope we will be so fortunate as to discover good a tree as previously. I will try and get a collection of other specimens for you & you will keep a lookout and between us both we should be able to get something which would be of some value to you.

If it is not asking too much from you would you send me a small collection of *Emirids* of the Dominion (labelled by yourself) if it is only a dozen pieces I would like very much to have them to keep for a remembrance

Yours very truly

Dear Sir

If you have not
received the within & acted
on it already, it might be
well to lay it before the
Council of the U.S. Society
as the matter is in our
interest to cultivate
both of Science & Literature
Truly yours
