My dear Sir,

I am exceedingly pleased  
and grateful that I am likely  
to have your assistance in "The  
New Biblical Guide".

I know that your hands  
must be very full. What you  
propose will do excellently. I  
should like the paper to cover  
the whole of Genesis, embracing Creation,  
the Flood, & Ethnological and other  
references in the Book. I should

not like to limit you as to space,  
as I know every page of yours will  
tell. If you can break the paper  
up into short chapters, it will  
be a great advantage, as I wish  
"the Guide" to be thoroughly popular.

Your contribution will appear  
in the 2<sup>nd</sup> volume, a copy will  
be in time, if I have it in the  
end of November.

With hearty thanks,

I am

Yours sincerely  
John Hyatt
