

Lafayette College,

Easton, Pa., Aug. 11th 1897.

Sir William Dawson:
Montreal, Canada,

My dear Sir:

We propose to mark the retirement of
The Rev^d Thos. C. Porter, D.D., LL.D., for thirty
years professor of Botany in Lafayette College
by a celebration on October 20th next, at
which addresses will be delivered by several
distinguished scholars in the field of the
natural sciences. I have the honor to invite
you on behalf of the governing board of the
college to be present & make one of these
addresses. Any subject which you may select
will be entirely acceptable. Personally I
should prefer some topic illustrating the
harmony of science & Religion, or the Divine
direction of natural phenomena. The time
at your disposal will be from half to
three quarters of an hour. The sum of
fifty dollars (\$50.00) will be appropriated
to meet your expenses. I trust I may

have the honor of entertaining you as my
personal guest while at Lafayette.

Lafayette College is situated at Easton, Pa.
less than two hours distant from New York.
Leaving Montreal in the evening you can reach
Easton early in the forenoon of the next day.

With the highest regard,

Yours Truly

C. D. Warfield.

Address Six August 30th.

"The Poplars"

Essex, N. Y.
