

P. E. I. 20th Aug 1898

Dear Sir William

I enclose you a communication from Mr Geo. Thomson which contains the information you require. Just a few days ago I met Mr David Laird in Charlottetown. I told him you had made inquiries concerning him. He was greatly pleased and made mention of the fact that your son Dr Geo. Dawson had entered the Geological Survey Department while he was in the Government. Mr Laird is at present editing the Patriot, a daily paper of the Island. Poor gentleman he has been rather neglected of late years. He does better things. However he is happy and cheerful and always busy.

We are very much pleased to learn that you are more than holding you for you. Dear Sir William you have my prayers a thousand of hearts throughout this land for your highest welfare. Ever sincerely yours
Robert King
