applied as mentioned; \$2 for French  
Gospel etc which it was thought by Mr. Stacey  
& self, had better be placed in your hands,  
and \$3 to Religious Tract Society.

Mr. Stacey will I think, fully advise  
you and report. All with thanks.

The edition of your valuable  
book meant for students is now in press,  
and must will be ready very soon. The  
French Edition must will be by  
God's good help get through ere long.

There is a point about sacramental  
wines I take the liberty of mentioning  
to you. Speaking to one the DeSola  
family. I am not sure but it was ~~the~~

present Rabbi, asked about their  
Passover wine? he said it was always  
made of Raisins, asked in case  
of A fermenting? In that case always  
throw it out. Confirming the strictness  
of the Jews as to their wine  
for Passover invariably being  
unfermented, Perhaps in  
confirming the Heens as to the  
wine for the Lord's Supper. being  
unfermented, this is of very  
great value, and might be worth  
referring to, and specially noting  
With best wishes and  
kindest regards

I am Dear Dr. Williams,  
Very truly & gratefully yours  
J. A. McWhorter
