

Pinchurst

Gananogue

June 8, 1899

Sir William Dawson,

Dear Sir,

I send you by this mail my report on the shafts sunk in the Don valley, and also my accounts. We managed to get the most necessary work done with the sum provided. I suppose that Dr. Ami's report will be sent to you, as he has not communicated with me; and will be added to this, perhaps as an appendix. I am sorry that the leaves and wood from the Don valley arrived too late for Professor Penhallow to determine them. However they with other similar material may be reported on next year if the committee is reappointed.

Yours very respectfully

A Pleolunan

Colman,
June 99.
