To

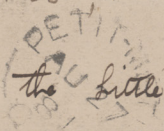

Dr. Dawson,

Little Metis,

P. Q.

Dear Father,

Aug. 25 1887.

We are now at Walker's on the Little Salmon R. 6 miles from Dartmouth. We are going up to the head of Lake Major to-day and will camp there in a house built for winter use. We may thus be away a day or two. The weather has been fine for three days, but is always uncertain.

Yours affectionately,

William.
