

WM. BELL DAWSON,

Civil Engineer,

Land Surveyor and Architect,

260 ST. JAMES STREET,

MONTREAL.

7-3-'82.

Mr. Primrose thinks that it might be worth while for you to make some move in the matter of the East River property - perhaps best by seeing Mr. Plunkett with respect to the intentions of the new Co. He said it might be well for me to make this suggestion to you. Mr. Plunkett expects to be back here on the 15th & will probably be still in Montreal - Mr. Primrose left this morning.

Willeams
Huh/82

Mr. Willeams thinks that it
might be worth while for you to
make some more in the winter
of the last fair report - perhaps
but by every Mr. Willeams will
report to the intention of the new
to be seen to write he will
in me to make this suggestion
to you. Mr. Willeams report to
be back here in the 1st of
probably be with in Willeams
Mr. Willeams the morning.
