Mycharist William

Accept of my best
thanks for several post cards
received from various places
on your line of travel - the
last from Medicine Hat, & also
for a telegram telling of your safe
arrival again at Winnipeg - which
came to hand on Saturday morn.
Can you possibly have seen George
or have you only had a letter from
him? It is very pleasant to have
heard that he is safely out of the

Crow's Nest Pass but it will be
most best to a visit from him to
know that you had seen him -
it seems scarce possible.

Nothing worth recording has occurred
to break the routine of life here.
The weather is now warm but
not unbearably so if ^{one} occupied with
sedentary employment. I propose
to give most of my time this
week to preparing my personal
belongings. The week following
gone well, I hope, he again with
us & then a little of the breeze of
life will again blow. I fear
the a tempest of hurry he arrived
at. Eva has been enjoying a
most peaceful time with Mrs

Sam: Frenchias at the farm,
on the Lower Lachine Road, since
Wednesday of last week. I find it
quite enjoyable to be alone, one
week with much less fatigue
when there is no talking or difference
of opinions to decide.

It is sad even to have been recorded
in the newspapers concerning people
we know. The death, by drowning,
of Mr. Barlow at Sherbrooke & the
death of Mr. Alex: Robertson's baby.

Mr. Barlow had become very intem-
perate & there is no doubt that his
death was a premeditated personal act.

It is both sad & solemn that the
son of so excellent a Christian woman
as Mrs. Browne should have such
an end.

Dr. Hunt called on Friday afternoon

before leaving, en route, for
 Minneapolis on the evening of that
 day. So you will have been at
 the meetings. There have been
 a good number of applications
 for: Colurelurs & other information
 about the different Societies, all
 duly answered, but nothing of
 any moment. The last I heard
 from Mitia all were well there.
 Anne said she was writing to
 you - Amused as I was at the
 notice of you in the Winnipeg
 papers. I am sure you must already
 be feeling better for the change
 & rest from toil & I hope strong
 & vigorous for your address & at the
 post you may take at the inst of
 Min: do I trust that you may thoroughly
 enjoy them & come back strong for the last flight
 with all hot love love yours. Margaret.
