My dear Father,

The books arrived
safely though the post-office
is a more expensive mode
of forwarding such parcels
than the express.

As to the sketch & maps.

I have no doubt you could
get copies by applying for
them, as I could get

copies here personally,
but as they have been a little

street lobby as to the distribution
 of reports it might perhaps
 be better to let your students
 buy them. They are on sale
 at cost at Dawson, the
 price being 50 Cents for the
 two sheets & the map, or 60¢
 for the maps pamphlet
 all.

I am keeping it near the
 property recently visited
 on Saturday but do not yet
 feel quite sure whether I
 shall be able to manage it
 or not yours truly
 George
