Dear Father,

Just a line of acknowledgment in reply to yours of the 22<sup>nd</sup> in which you mention your visit & Mother's to the Elliots. Mrs Elliott speaks with so much pleasure of the visit and appreciates all your kindness very much indeed. We shall be so glad to hear more about it from Mother.

We are now awaiting your next letters with some apprehension to learn the extent of the accident, & hope we will not have to wait a whole week.

This is the first letter I have sent by the Canadian mail since you

left. All the others have been by  
New York. There were 20 mails in  
all during last month. I thought  
you wd be sure to have letters  
by the Canadian mail to compare  
with mine. There is a "parcel post"  
to England now, beginning this month.

With love from Florence + myself

Your affectionate son,

William.
