My dear Father,

Enclosed is a proof just received
of the work of the past year in Canada. There are
a few corrections to make in Colours etc but
I send it to you as it is in case you can
offer any general suggestions by way of improvement.
The descriptive titles of Colours in italics
are sometimes rather long but I do not see
any way out of this. Perhaps you will be
so kind as to give me any suggestions that
you may think of in looking it over or soon
as you can.

I had a hard trip up here on Sunday &
did not get to Station at Ottawa till 2:30
A.M., owing to wires being down between
Stations

Yours
George
