ENGINEERING DEPARTMENT.

21 July 1887

SUBJECT _____

Dear Father,

I recd. your telegram
& also called at Shew's about
the boat, & find he has shipped
it per freight as you directed
him. I am almost sorry
you did not choose express,
as it wd be so much quicker.
The freight is not pre-paid; &
I suppose the I.C.R. will advise
you of its arrival at Metis.

If you do not hear of it
within a few days, please let
me know, & I will try to get
it hurried along.

CANADIAN PACIFIC RAILWAY COMPANY
ENGINEERING DEPARTMENT

We are all well. The weather is not too hot on the whole; tho' some days are of course sultry. Florence is now arranging to leave about the 1st August with Victor, as your invitations have become so pressing.

I am going out to Wade River tomorrow to examine some bridge material we think of re-erecting.

Yours affectionately
Wm.

William.

(I think a volley of post cards, sent every other day to the S.T.R. freight agent here will help the boat along.)
