My dear Letter,

I enclose with this
a bulky Austrian
publication which came
here & your address
per Smithsonian
exchanges & presumably
from the author. I took
the liberty of removing
the original cover to
see what it was. I shall

don't say best & get
of Montreal on Saturday
& hope to be successful
this time, with the
I should save rabbits
which the author insisted
I should proceed to you.
I think he is a decided
Crew

Yours

George
