My dear Father,

I am now on  
my way from Vancouver  
to Kamloops, where I must  
remain tomorrow. After  
finishing business there I have  
probably two more stops of a  
day to make when I shall  
make a bee line for Ottawa.  
If all goes as intended  
I should reach Ottawa three  
days after you receive this.  
William as you know  
is somewhere out here

but I may probably pass him  
on the line without seeing him.

The weather is extremely wet &  
gloomy today but I hope may  
be better in the dry country before  
morning.

Hoping soon to see  
all of you again

Yours

George.
