My dear Foster,

Enclosed is a corrected edition
of the western geological notes, which
I send to get it off hand though probably
you are not in need of it yet. There are
some matters in connection with it which
I should like to discuss with you when
next I go to Montreal, I hope this week.
Synopsis of McConnell's R. Mt. section
is appended & it is questionable whether
you want some of tables etc.
Copy of your book received for which
many thanks. Specimens of plants
also recd.

Yours
Truly
A. R. C. Selwyn
