My dear Father,

I am in receipt
of several notes from you,
one referring to money in
banks etc which I shall
attend to when I next get
down to Montreal, this
week I hope. I was busy
& tired on Saturday &
did not feel like travelling.
There is a whole lot of
fossil woods here from
Queen Charlotte & Vancouver,

islands, some of which
 you have examined in
 slices & others which have
 not been looked at. Your
 labours turned them up
 the other day & I advised
 you to put them in a box
 & mark contents in it,
 as I did not think you
 wished at present to
 investigate them further.

Yours
 George
