My dear Foster,

I got back from Coburn on  
last night & have since been occupied  
getting things in train here. I propose getting  
me away on Saturday night & following myself  
some time next week. If possible I shall try  
to get down I wanted Saturday evening but I  
cannot say till Saturday definitely.

Below are such particulars respecting  
some of survey people as I have been able to  
ascertain. The salaries are those of 87 & what  
have probably been increased say 100 dollars  
since. It may be that they give an idea near  
enough for your purpose.

I was very glad to hear of Rawkin's  
safe arrival & still hope to have a  
chance of seeing him before I set out.
