My dear Letter,

I have just got in here from the County
to the north & East & am going on beyond to
Camp this evening. In a week or less I hope
to reach Kauloops & to close up outside work.
Weather very fine but days getting short & nights
froarty. After reaching Kauloops I shall have
to go to Vancouver for a day or two days &
possibly as far as Victoria before returning East.

Yours

F. W. Foster
