My dear Foster,

I have sent to you today  
a small box with three additional  
fossil leaves which were embossed. They  
come from near Kamloops & are  
doubtless of same age as Truquille fossils.  
I telegraphed you this morning that I  
found it impossible to get away tonight,  
but hope to have all arranged by tomorrow  
evening & get off then.

Yours  
Truquille
