

Dear Hope

I answer you kind letter of  
May 15th, as early as possible, to wish  
that you may have our news,

We quite agree with your ideas  
as to the ~~importance~~<sup>importance</sup> of the ~~success~~  
coming in, one of ~~which~~<sup>these last attacks</sup> ~~has~~  
is now termed the Settlement  
of Dr Kemp one of our graduates  
~~is~~ ~~now~~, who attended Prof Dan-  
when all there last autumn,  
Supposing however that you  
and God have decided on this  
matter we shall welcome with  
pleasure the idea of her papers

What have  
I succeeded  
in paying  
the bills  
very  
anxious to  
see them  
done  
I wish  
all well  
with them  
love

as a ~~short~~ visit in the autumn. The  
a could could be renewed by me at Rimovoke  
come with and could spend a ~~short~~ time at  
St. Humph. Melis, then return with us to  
Montreal and see about our  
June & August and Montreal  
friends and Aunt Florence who  
new home in Ottawa. This  
might be very pleasant visit  
if she can make up her mind  
to leave <sup>you &</sup> the children for a  
time.

without too  
many  
arrangements.

The many little affairs  
connected with my change of  
residence <sup>my mother & my mother</sup> are us here for this

Summer as well as the arrange-  
ments I have to make about  
my library ~~work~~ & books for  
and next winter I should if  
possible remain in New York

After

It seems the  
children have  
been here a  
week

So that  
we might  
see the  
children

Matters and to arrange per-  
manently about ~~my~~ matters  
concerning my income. If  
I moved on health I believe  
I should I see no reason why  
you might not spend next  
Summer in England, <sup>the month</sup> instead  
of at Metz. I prefer the  
Summer in any case but  
since I feel that the

dampness of an English winter  
bought the infirmities to both  
of us.

So as to have  
the pleasure  
of seeing her  
more than  
long the  
days of  
Nehemiah  
of the  
future

We shall therefore leave  
the matter in your hands and  
shall hope <sup>at least</sup> for a visit from  
you in the autumn. <sup>+</sup> Even  
~~if~~ that I would <sup>at least</sup> give her  
an idea of our present situation  
including and the return you  
in autumn. A brief winter  
is not formidable.

Samuel left with me  
the keeping papers respecting my  
investments here, and I shall  
hope to write to her & half a year <sup>+</sup>
