MUSEUM AND OFFICES, SUSSEX STREET, OTTAWA.

My dear Father,

Enclosed is an acknowledgment
which came to Ottawa by mistake.
I fear I have been very negligent in writing you
late, but seem to have been very fully
occupied with miscellaneous work which
has to be done but leaves nothing to show
when it has been accomplished. I had
been promising myself to visit you again
in Montreal tomorrow but am now
opinion that this will be impossible as matters
have turned up which need attention tomorrow
& Monday morning. I hope that you are
benefiting by the fine mild weather & the
spring. As I wish it is beginning to rain &
if it should continue for a while the grass here
will leave just green. Yours
George
