My dear Father,

I have been  
pretty busy with one thing  
a another since my return  
a have not yet decided  
whether I shall be able to  
visit Nova Scotia as yet.  
The town is crammed with  
people at present, attending  
the annual fair a coming  
from all neighbouring  
Country parts, but they do

not effect me or my work  
much except in the way  
of interruptions.

I trust that you are keeping  
the improvement obtained  
at Metis during the summer  
& not allowing yourself to  
resume the less energetic  
habits of last winter. It  
looks as if we might have  
a fine open autumn now  
& if so it is certainly  
worth discussing the benefit  
you might derive from another
