Dear Father

The specimens of skins
to have now come to
hand. I have not opened the
box, but suppose they are in
good order. I write to ask
whether you would like to
have the black-tailed deer
& mountain sheep for the
Museum at the prices shown
on enclosed bill plus. share
freight of carriage from the
W.V. which would probably
amount to about \$4⁰⁰ though

I have not returned it up yet.
If you do not wish the
skins I think Selwyn would
be glad of them. I have not
spoken to him about them yet.

The head of Mountain Sheep
shown in bill I wish to keep.

There is also a buffalo skull
rather weathered, which I picked
up on the prairie.

Yours
Gung
