My dear William

We arrived here
comfortably at 12.20. finding
the C 10 12. Pullman's "bright as
a new pin". I had a pleasant
little talk ^{in the cars} with a Mrs Baker
from B.C. & also with Sydney
Lecher. As soon as we had
lunch we drove out to Richmond
to pay our respects to Lady Lansdowne
back to the Lorry where George

to Mr. Selwyn accompanied us
around the Museum. We then
walked to the Parliament building
& spent the remainder of the afternoon
there. Sir John was just
closing a speech on the Grenada
& Mr. Mills? talked against him
like we had & as it is expected
he will also occupy the day
we think not to return. Every
thing at the Russia bank
we had have had to return to

to the Survey. My arm is much the same
as when I left in the org. let us however hope
these matters might be ~~may~~ improve its harmony
Mr. Sauter writes to carry this with him to Frank
from the House to forwarding to.

With love to Susan & all.

Yours loving
Margaret
