

Mamma

My dear W.

Writing has been
left to the last moment
as I have been directing
Cecil &c, but I do not
think I have anything of
importance to say, except
to thank you for your
abundant supply of letters
& papers. I shall be only too
glad to have any notice you

2

Please put into the "Report"
I only express adding
more to your work for then
a little may be the last straw.

I am glad to know that
you are comfortable with
the Ennis. I regret to tell
you that Mrs Carpenter asked
you to take tea with her last
Sunday eve. Perhaps you could
do so next Sunday. I apologize

I do not find anything
pregattion - there is a most
abundant supply of screw nails
& apparently all else that is
needed. We had a shower

during the night & again
it is halmy & fine.

Shd I write & mention when
they are or are going to please
tell me. I addressed yesterday
to Ampersand. Sarawac Lake
but suppose they must have ^{left}
long before another letter
cd reach them.

Harrington will not I think
return yet for a few days
The children look sunburnt
& already much better per the
sea air. I write on with
the impression I have

something I ought to say
but cannot see anything
so with much love ^{I hope} there
you will worry though
your work & its difficulties
& come here at the earliest
moment possible believe
me ever
yours affly
Margaret
