My Dear Maama

I fear my letters  
are few & far between but  
between one thing and another  
I seem to have very little time  
for writing. I expect Brentree  
day after tomorrow & soon  
hope to be through though unless  
I stay at least a week after  
he goes I must leave many  
things undone.

Dr Johnson of Picton has not  
been very well for some time.

back. Having at last made  
up his mind he left yesterday  
for a trip to Canada. He will  
be in Montreal. I have sent,  
or rather asked Mr Ross to  
send (of the same steamer "Titius"  
I think) some damsons to  
you. They are very plenty here  
this season. I may do for  
preserving & pies.

Ask Papa if he writes to  
Judge Dunkin to make  
some excuse for my long  
delay in reporting for him.  
I wish Anna if she gets a  
chance would dry for me

Some coloured leaves. I promised  
some in England.

Please congratulate W. for having  
gained the object of his present  
ambition.

I spent Sunday last in Pictou  
Very pleasantly & came back  
here by the 6 o'clock train on Monday.  
Monday (yesterday) I drove  
up to "Websters" & spent several  
hours there. Then with D. Fraser  
examined a section near Murdoch's  
Lake. Left Fraser up there & then  
drove back to New Glasgow, 16 miles  
in the dark. I had half a mind  
to stay in Springville when I got

So far but did not, & fortunately  
got through all safe. This morning  
I have been out at Merigonish where  
things are not going quite so well  
as they might. Tomorrow I go up  
the S. River again.

I had almost forgotten to say that  
this afternoon two gentlemen from  
Galashells were here for a few hours.

Names A. Brown & K.C. —

They had had letters to you & seen  
you in Montreal in June, &  
sail in the Peruvian next week.

Love to all

Your affectionate Son  
George.
