REF. 17

17 April 87

My dear Mother,

Your little parcel
with our pill on & socks
arrived safely & I am
much obliged for your
trouble in the matter. Since
I was in Montreal I have
heard nothing of the
progress of the epidemic
or in what way the various
domestic applications have
been received. I trust that
Florence is now well or
nearly so & that winter

Victor has not followed.
 I find I have got pretty
 satisfactorily to the end of
 the main things to be
 completed before I leave,
 a Can therefore with more
 equanimity look forward
 to going home day this
 week. The precise day I
 have not yet fixed, but it
 may be Thursday or Friday.
 Some of the gentlemen in
 the Office have been wishful
 to get up a Convocation
 at Museum & this is
 consequently to occur tomorrow

being so much occupied with other
things I have not been able to give much
attention to it.

Could you kindly tell Foster that I have
been in correspondence with Dr Wilson
about paper on Kootenai Indians, & with
his permission I have sent the MS to him.
Notice of it has been given to Mr Bourne
as a paper, but Dr Wilson is to be

at liberty to offer it for printing or
keep it for report of Committee of
Basin. or both, as he may see best.

Yours

George
