

Spencer Bridge B.C.
3 July 90

My dear Walter,

I got here a couple of hours ago, & am
moving on into the mountains again immediately.
I got some mail here, including your kind letter
describing the wedding. William is at North Bend,
not far down the line, but I doubt if I shall see
him, unless after getting to Lytton I should be
able to run down there. This is meant to tell you
how that I am well. Weather pretty hot now, but

a good wind today. Yesterday it was 97° with little
air.
