My dear Walter,

I have been very  
glad & much relieved  
to hear by Anna's telegrams  
received yesterday & today  
of Father's continued progress.  
I hope that she or you will  
telegraph again tomorrow, &  
if all continues to go well,  
I propose postponing my  
visit till Father may have  
gained strength to receive  
him & discuss matters  
in general at somewhat  
greater length, with safety.  
Do not fail, however, to let me

Know at any moment if  
you consider my presence  
desirable.

Endued is a note from  
Rankine which I find  
you on my return & which  
you may like to see. It  
need not be returned

Yours  
Sings
