March 1. 1893

My dear Walter,

I am surprised
to find that it is as above
indeed the part of warch.

I lately received a long &
interesting letter from Foster,
dated from St. Augustine.
There is very little doubt that
Schell has been to Paris for
a time about the end of
this month & I fear that
there is little chance of my
being able to visit you in
the South on my way back to

Canada, as from what
 Foster says (or may probably
 be back there before I am
 able to return. The arbitration
 sessions really begin in Paris
 on March 23rd.

In laying your plans toward
 a return to Montreal, I think
 you should bear in mind that
 just till about May can
 pleasant weather be counted on,
 while the long spring is about
 the worst trying time of the
 year. I suppose also that you
 have had under discussion
 plans for the future & the
 consideration of what if any
 connection Foster should

Continue to communicate
 with the College. I am
 sorry that I am unable
 to comment on the subject,
 but fancy after all it is
 chiefly a matter for decision,
 as it has already been
 often enough talked over in
 all its aspects.

I rather hope I heard whether
 anything further has been
 done about the Wallbraces
 Property & its sale, but
 suppose that it can not

4
I'm sure to regret it
I should have been told
of it by some one.

I still find some other
things to do here in the
way of work, but am not
quite so hard pressed
as before.

Yours

Wm
