Sept 3. 93

My dear Mother,

I was glad
to get news of the 2nd,
with an approximate outline
of your plans. I still
feel that when you go back
I would not see should not
Endicott I camp out in
the old house, but just for
the winter if you cannot do

better. My own plans
 are not very settled yet,
 but when you are able to
 say anything about proposed
 visit to Ottawa I shall
 hope to hear.

Enclosed are a couple of
 further notices about our
 Populism, which may
 interest you. I don't know
 that it is altogether the
 wisest thing to visit there
 at the present juncture, for it
 will be sure to get into the
 papers & may draw down

The unity of the Church
 on your devoted heads.
 We too had several
 very cold days here of
 late & night before last
 a sharp frost. I hope
 you are not suffering a
 greater degree of the same
 in Mexico

Yours

Wm. L. G.
