My dear Mother,

I am very  
sorry to hear, by your  
note received this morning  
of father's illness, but  
hope that your anticipation  
of improvement will be  
realized. Please send  
me a bulletin when you  
get this if you have not  
already done so today.  
It is a good thing that

Father will not feel  
called upon to worry  
about business matters  
& can devote all his  
attention to taking care of  
himself. Curiously enough  
Dr Selwyn has not  
long recovered from an  
Erysipelitic attack. His  
face & head were very  
much swollen & he also  
had it on his hand. This  
is the second or third  
time that the same thing  
has happened in the

Autumn, about this season.  
I hope that you are now feeling quite well  
again, but do not quite like the idea  
of your camping out in the field house,  
under all the circumstances
