My dear Walter,

I have your kind
note of Wednesday & am
glad to know that you are
better. I had intended
going to Montreal on
Saturday (tomorrow) but
find seaworth, as the
man who is carrying on
business in the N.W. is expected
down & I must be here to
meet him. Will you I
don't see for some time

but I suppose to be a family
 way, to be indulging in
 some Excurion or other
 as seems to be the Custom.

I wish you would tell me
 if there is anything I can
 do to assist Anna in
 her difficult arrangements,
 particularly if my services
 being onitance is
 needed to enable her to
 get the necessary help
 for Metic, or to make her
 preparations therefore
 I am
 Yours,
