56 Paternoster Row

November 23rd 1899

My dear Madam,

I have to express
on behalf of the Committee of the
Religious Tract Society, as well
as for myself, the deep sorrow
with which we have heard of
your bereavement. You truly

illustrious husband has indeed
accomplished a noble life's work.

and his removal will leave a
blank in the scientific world

not easily filled: for who in

our day has so eminently combined

a fervent research into the facts

and wonders of the natural world
with as yet more reverent acknow-
ledgment of that Revelation in
which the Creator & Father of us
all is most truly known? —

It will always be a precious
remembrance to us who are con-
nected with this Society, that his
name & work here so long and
closely associated with our own.

Such men in our time are rare:
let us hope & pray that he may
have not a few to tread in his
steps. To you, in your personal
grief, we would tender our respectful
sympathy, assured, as we are, that

There is alleviation and comfort
in the midst of life's keenest
trials, for those who trust, and
hope, and wait. Such separations
are but for "a little while" —
and then, the fellowship is eter-
nal! —

Behieve & remain
in true Christian regard

Faithfully yours
