

new clothes for
A.H. & Woodstock

May - 9th 1905

Dear Mother,

Ruth promptly
sent for the parcel, & Mrs L.
had no difficulty at all about
it. The dresses c^d not be prettier
each of its kind, & will make
up very nicely. It will quite
distract my mind having so
many clothes - for I had got
a new suit - & had no inten-
tion of having anything more.
It will be very nice for warm
days, & festive occasions. It is
very good of you to think of it &
I thank you very heartily - I don't
know how you managed to
do so much buying in such a
short-time.

I am trying to get the clothing
in shape and for duties, & then
the other preparations will
not be very much with so
many able to do for themselves.

I send you some Christians
put into your letter box -

That Mrs Bulmer was at
Mrs Thompson's yesterday, she is
a wonderfully earnest woman
& her months of Bible study have
filled her full of the Scriptures
& her coming to this ignorant
makes her use of it - fresh - She
already looks tired & worn, &
she w^d be a very good person
for you to invite to meals; she
is most-attractive & ladylike
& w^d be pleasant in every
way, she also might - learn the
young people which she seem
to feel especially her forte -

This is a startling idea for
you to meditate upon -

When you decide what date
you shall leave Wadsworth I
will see if I have got on far
enough to go - for a week or so
I am sure it w^d do us good &
we c^d talk over quietly various
things - & Clara is quite sufficient
herself - & she & Ruth can have a
good time together for a little
while -

In haste
affectionately
Anna
