

Pentrelew ^{Lady Crease}

Victoria B. C.

10th June

Dear Lady Dawson,

Thank you very much for sending me the pamphlet containing Dr. Dawson's portrait, and a summary of the wonderful amount of work, which he has done -

The writer of the article, must I think, be of a kindred spirit with your dear son. All the honours he received are recounted so simply - and the closing paragraph

is very beautiful - One
which I heartily endorse
and feel that no greater
tribute of praise & gratitude
can be paid him, than
by saying truly that the
world is bettered by his
life in it.

I shall endeavour, this
Summer to hunt up the
references to Dr. Dawson's
published accounts of the
History of our native tribes,

in both Eastern & Western
Canada. Of course they
must be extremely interest-
ing - and it makes one regret
that they are not published
by themselves, and made
more accessible to the ordi-
nary reader -

We are having unusually
cold weather for June - but
the summer heat may come
upon us again as suddenly
as it did a fortnight ago,
when we were less prepared
for it. Trusting you are
fairly well dear Lady Weston

in which hope my dear
husband joins

Believe me

Most truly yours
Sarah Crease

I take this opportunity of
thanking you for your
letter of 10th April which
was most welcome -
