A little about Lady Dawson's
work

My dear Mrs Dawson.

Thank you very much
for your note and also
for the papers that came
with it. I think your
first report is very
interesting. I had no
idea that 20 years
have passed since
you began that work.
They have no Ladies
Bible Association in
Monte which makes

a little difficulty.
for it is always
more easy to get
the work done from
another than to start
anything new. Toronto
abounds in charities
and committees of every
kind. But they are all
wedded to the old
system. giving instead
of enabling people help
themselves. Mrs Wilson
has been quite poorly
for some time. I saw
Mrs Mackay on Sunday.

She said she was better.
I will (I'll) be in that
direction tomorrow and
will take them your
message. I should like
very much to see this
year's report when it
comes out. It will be
interesting to see the
progress made since
1860. We have still
very mild ^{weather} unseasonable
which does not conduce
to the health of the city.
Indeed in almost every
house, there is illness
of some kind. The buds
are beginning to appear

in the trees, altogether
it has been an unusual
year. Ida is not at home
just now she has gone
for a few days to visit
a friend. Colonel Moffatt
gives our kind regards
to Mr Dawson and your
self, with much love
to Anna & Eva.

Believe me ever
dear Mrs Dawson
yours very affectionately
Caroline Moffatt.

When you next write could you
tell me anything about Quets &
the probability of getting Lodging
& the cost of them, as I am thinking
of going there this summer.
