My dear Lady Dawson

I am so glad
that you & Sir William have
consented to come to us, &
we wait to hear, what day to
expect you - only I want to
say that if you desire to go to
Ottawa with him, you must
remember that on no account
will we allow him to carry
you off at the end of the brief
peep he seems only able to
give us, so please make all

your arrangements taking
that into consideration - You &
I will sit by the fire & hold
endless conversations & I
quite expect you to reform
the house & me too

So goodbye till you come

Yours always aff^{ly}
Sybil Wilson
