

117, Bloor St.

Toronto.

My dear Mr. Dawson

I received a
kind letter from Anne
asking me to pay her a
little visit - I could not
even take the matter into
consideration, unless you
come up & then I will
be open to persuasion.

We will ^{let} you be as quiet
& restful as you please

indeed you shall just do
what you please -

I hope that your son George
is now nearing home & your
anxiety over, about him.

We are at present having
in Toronto, a conference
about Second Coming of
our Lord. However we
have not been able to
attend very regularly -

Protracted meetings tire me
very much, so I have been
prudent about them ones.

Mr. Müller & a very dear
gentleman from Chicago

Mr. Erdman, are the speakers.

I don't think that it is worth
while, writing our news to
you, as we very soon hope
to have you sitting by our
side when we shall have
a great deal to tell
you.

Mrs. Müller always sits
on the platform beside
her husband. Would you
like as to arrange for a
chair being placed for you
when Dr. Dawson gives
his lecture. Perhaps you

would even invite Mother
& me to share the
place of honour -

With love from us all
Believe me

Yours affectionately
Samie Wilson
