Grand Hotel  
March 31<sup>st</sup> 84.

My dear Anna

Mother desires me to add a  
P.S. to her letter to tell you about the  
photo question. We have found Venice  
by far the cheapest place for them &  
if any desired we can order & have  
sent to London for the sum of 2½ postage.  
We have also got a catalogue from the man  
in Venice that we patronised & although  
this is in Italian & rather hard to  
understand I think I can get any  
well known pictures if you want them.  
The ones we got are about 12 inches by 9½  
(I only guess at these) & cost 1½ fks = 30 cts each when  
unmounted. There is a larger size for also  
for 3 fks. The ones we got were principally  
large heads taken from the original pictures  
& most of them Madonnas or men  
we have some we thought Will might  
like for his house. Don't spread

abroad the cheapness of these photos  
for we may want to present some to  
friends at home. - We have tried to  
get the Dresden Madonna for Will  
but find that the only photo of the  
picture is taken by an English Co  
& sold at 3 guineas - This is an  
immense size too & we can't a small  
fortune to frame - We have got a  
more reasonable one taken by an  
engraving however.

But I have no more time so must  
close - I have a letter half written  
to you but will not be able to  
send it until we get to London.

With love as ever  
from Eoe.

P. S. Katie is not engaged to James  
Greenhills so he relieved -
