My dear Anna

I don't know how  
long it is since I have  
written to you, but when there  
has been nothing particular  
to write about, & you have  
I suppose in the same  
way been chiefly occupied  
by daily routine. The time  
is now coming for close when  
I must leave for the west,

even if I leave my report  
 partly printed, to be finished  
 in the Autumn. I surely  
 however I wrote one more  
 flying visit - I wanted  
 before I go. Well I hear  
 is going down I put in  
 an appearance at the  
 coronation but he should  
 be forgotten. My wife and  
 brother. I was out for a  
 long drive today & the  
 country looks & looks quite  
 spring like. Received  
 yesterday a photo from Ella  
 Kemp

of her baby who appears  
 to be a pretty looking little  
 fellow. By the way I  
 don't know why you have  
 heard that our Sells' three  
 youngsters lately all died  
 from infant Cholera or  
 something of the kind.

Yours by way  
 George
